with drinks and hors d'oeuvres
available Friday evening.

SATURDAY, MAY 23

Cattle on display beginning at 8 a.m.
Lunch served at 11 a.m.

DIXIELAND DELIGHT 37
SALE BEGINS AT 12 NOON (CDT)

*Herefords sell first,
followed immediately by Angus*

What a blessing it is to welcome you to our 37th Production Sale! Due to the safety and health of each and every one of you, we made the decision to push our sale back to the Saturday before Memorial Day, which used to be our annual sale date. COVID-19 has certainly had devastating impacts with all business entities. While there's still a world of unknowns, we're certain many will come back stronger than ever. I'm sure most of you reading this have dealt with record rainfall this past winter on through spring. Within our region, since the first of the year, they said we have had as much rain already to date that normally takes until June to get that amount of measureable moisture. We don't know what that means going into the summer, which is primarily dry on a normal year, but much like you, we often wonder what "normal" is year in and year out. This is the wildest first quarter start to a new year in our lives and most certainly will be one for the record books. Who would have thought gas would be below \$1.50? One thing is certain, and that's our focus to provide you with the most fault-free genetics we can. We are able to do what we love each and every day by the support of each of you.

It seems as though we say it each year, but this is the best set of cattle we have ever offered. Like each of you, our goal is to get better each year, so it may seem like a rhetorical statement, but we believe it to be true each time we write it. The Lot 1 Hereford female we feel like is the best Hereford female we have ever sold. Her grandam, 4135, had numerous sale highlights in the past, and we just lost her last fall at the age of 15. There is a long line of great cows in that pedigree. With her pedigree, EPDs and color package, she indeed is a complete package female. Our lead Angus cow is one who has created a lot of buzz, as she most recently had a son bring \$80,000 at Gardiner's bull sale in Kansas. She is elite in her progeny performance package and has served as a very unique breeding piece for us. Within both breeds, the quality is incredibly deep. We are selling many fall cows in this sale...three year olds and first calvers that have a long time in production for you. The fall heifer calf splits being offered are as deep a set of calves we have ever put together. We think you will like what you see come sale day, and that is always our goal.

We are truly blessed to work side by side with our family and loved ones. Living and working with family on our cattle operation is something we don't take for granted, and we are forever grateful to the good Lord above for the blessings of being able to do what we love. While we don't have a big crew, we have a crew we wouldn't change for anything in the world and couldn't do anything without. They are what make TRM what it is, not us. We can't thank "Da" Roland, Nonnie, Poppy and Mimi enough for all they do here at TRM and for us as a family. Joseph and his wife, Whitney, have been here almost two years and have been a blessing to TRM. With the businesses shut down and Whitney being a cosmetologist by trade, we've put her right to work trimming tails and ears during our spring cattle synchronization. We have to keep her in practice, right? Tristan Tilley is our hybrid. The bulk of his time is spent taking care of the bulls at Lookout Mountain Genetics, but when we're in the hay field or working cows, he's there. And Stephanie keeps everything in check at the bull facility as well.

It's said the days are long, but the years are short. Ranch life sure makes that statement ring true, as we work sun up 'til sun down. Honesty and integrity are something we take very seriously, and our moto is quite simple: *We raise the type and kind of livestock that are stout, sound and functional and can flat get the work done all while having respectable EPD profiles.* We have never chased EPD fads and breed for a more uniform, balanced animal that can thrive in our Southeastern environment. Everything we know about the cattle, you will too. Our customers, both big and small, mean the world to us, and we realize that without each and every one of you, none of what we do would be possible. We are forever indebted to our past, present and future customers.

Please make plans to join us Friday, May 22 to view the cattle and enjoy fellowship. If you ever need anything, or if we can help you in any way, please don't hesitate to call anyone here at the ranch. We appreciate you and value your friendship more than you could imagine. *We are blessed to call TRM customers our friends and colleagues, and we would love the opportunity to work with you.*

Sincerely,
John and Randa Starnes

DIXIELAND DELIGHT

Red, White & Black
ANGUS & HEREFORD PRODUCTION SALE

37

SATURDAY, MAY 23, 2020

Randy and Kelly Owen

First of all, let me express my thankfulness that none of our farm family has been infected with the virus. We have been able to maintain our cow herd and live as normal and healthy as we could have ever hoped for during this pandemic. I want to express my gratitude to the many, many bidders and buyers throughout the past 36 years.

I consider each of you friends, and I'll never take any of you for granted. It's been a very rainy year so far, which is great for grass and not so good for hay, but we try to manage to the best benefits of our cow herd. Most of you know what I stand for in our dealings, and I will always treasure your trust that you have put in our cattle at TRM. I'm grateful for every hour and every day that I get to spend looking and appreciating an ever-improving group of genetics.

I think we're offering a great opportunity to prospective buyers, and I humbly ask for your help in making Dixieland Delight 37 a success. We need everyone's participation in this time in our history, and your bids will not go unnoticed in our future.

God bless each of you for giving me the opportunity to do something that were dreams of my grandfather's and especially my father. I started with nothing, and God has blessed me to host another Dixieland Delight.

Thanks for 36 memorable years, for your participation in years past and many years to come.

Thanks for your help,

Randy Owen

Saturday, May 23rd

Dear Friends and Fellow Breeders,

Welcome to the 37th Annual Dixieland Delight Sale at Tennessee River Music, Inc. The 2020 TRM sale again features the best of both breeds at TRM, and I hope you will join us for this "Red, White and Black" Event.

In an effort to continue the 37th Annual Dixieland Delight Sale in the same manner they have conducted the previous thirty-six, promoting friendship and fellowship, the Owen and Starnes families decided it was best to postpone the sale from the first Saturday in May until their previous traditional sale date on Memorial Day weekend. With the recent public health issue COVID-19 impacting people both globally and close to home, we want to reassure our customers and friends, that your health, safety and well-being are of the utmost importance to TRM. The TRM sale is held in a large, well-ventilated facility that allows for social distancing. For your safety, we urge everyone to continue to follow the CDC guidelines and any declarations issued by our federal, state and local governments. We will also be broadcasting the auction LIVE with ONLINE bidding available through LiveAuctions.tv. Watch for the catalog and updates on the TRM website, www.tennesseeivermusic.com, or on my website, www.mcsauction.com.

I would like to thank Randy, Kelly, John, Randa, Roland and the rest of the TRM crew for again allowing me to assist them along in the marketing of this exceptional set of cattle. John and Randa have embraced their role as parents to Harper and John Owen and their management role at TRM. With the help of their family and crew, they have again assembled a tremendous sale offering, and the presentation of the cattle is second to none.

This year's edition of Dixieland Delight features a tremendous set of fall pairs in both breeds as well as an elite set of spring pairs in the Hereford division that continue the tradition of offering sound, functional cattle that excel in phenotype and individual performance while maintaining a strong genetic base with numerical balance and diversity. Whether you are adding to your herd, seeking a donor dam or a junior herd sire, or you're looking for your next show ring champion, you will find it among this exceptional offering.

For those of you who have not attended a TRM sale, you are in for a real treat. This is a family operation, and the hospitality and entertainment extended by the Owen family are like no other. They work very hard on the presentation of the cattle, and you are sure to appreciate their efforts once you lay eyes on this exceptional offering.

Please evaluate the needs of your individual operation and plan to join us Friday, May 22nd to preview the cattle and Saturday, May 23rd for this great event. Please do not hesitate to call me with any questions on either breed or if I can help you in any way.

Sincerely,

Matt Sims

Fort Payne Area Attractions

While visiting Tennessee River Music, you will find that Fort Payne has much to offer, including the group Alabama's Fan Club and Museum, downtown Fort Payne, and the beautiful Little River Canyon National Preserve Park, located just one mile from TRM. *We hope you enjoy your visit to TRM and the lovely city of Fort Payne!*

SALE TERMS AND CONDITIONS

Cattle will sell under the suggested Terms and Conditions of their respective breed association, either the American Hereford Association (www.hereford.org) or the American Angus Association (www.angus.org).

HERD HEALTH

All cattle will be accompanied by proper health certificates for immediate shipment.

TRUCKING

Truckers believed to be reliable will be available to assist you in the delivery of your purchases.

LIVESTOCK MORTALITY INSURANCE

To properly insure your investment, James F. Bessler, Inc. will be available to assist you with mortality insurance coverage. Phone (815) 762-2641.

SUPPLEMENTAL INFORMATION

A supplemental sheet will be available sale day with complete and up-to-date information. Announcements from the auction block regarding the cattle selling in this sale take precedence over information listed in this catalog or other advertising. Up-to-date genetic recessive status can be viewed online at www.hereford.org or www.angus.org.

EXPECTED PROGENY DIFFERENCES

The EPDs included were current as of 4/23/20. The most current information may be viewed on the individual breed websites.

LIABILITY

As the sale manager, Matt C. Sims Auction, Inc. is only an agent for the seller and has no responsibilities other than those involved in conducting the sale. All persons who attend this sale do so at their own risk. The owners, sale manager and the sale staff assume no liability, legal or otherwise, for property loss or any accidents that may occur.

- One of the best females we have ever offered! Lot 1 exemplifies the prototypical female that TRM strives to produce with her combination of pigment, udder quality, rib and volume in an eye-appealing package that exudes femininity.
- This donor candidate combines Fort Payne, our \$17,500 selection from the 2016 Shaw Bull Sale, with the donor selling as Lot 2, Promise 1088, stemming from one of the most productive cow lines in the TRM herd, Chloe 4135. 7101 is exactly what we were hoping for when we selected her sire from Shaw Cattle Co. and is an example of the tremendous set of Fort Payne daughters we have in production.
- Combined an individual BW ratio of 96 with a WW ratio of 102 from a dam who records 6@93.5 for BW and 5@100.8 for WW.
- Ranks in the top 10% for WW and CW; top 15% for Milk; top 20% for YW, SC, \$CHB.
- Dam sells as Lot 2. Maternal sister sells as Lot 3.
- AI 12-19-19 to NJW 84B 4040 FORTIFIED 238F. PE 12-31-19 to 3-12-20 to PCC 3055 49C ACE 7115. Checked safe AI with a heifer calf.

- Lot 2 has been a mainstay in our donor program and serves as a fifth generation donor at TRM. She ties together some of the very best cow families that have ever walked our pastures. She stamps all of her progeny with added power and performance. Her dam, 4135, just passed away last fall at the age of 15. Even as a coming nine-year-old, 1088 bred right back AI and is raising a stud of a calf. We have numerous direct daughters retained in the herd and thought in our quest to sell the best, we would offer this proven donor that has not dissatisfied us.
- Records 6@93.5 for BW and 5@100.8 for WW from a dam who records progeny ratios of 7@112 for WW, 4@106 for YW and 5@103 for IMF.
- Posted an individual ratio of 122 for WW and 105 for YW.

- This true F1 Black Hereford prospect combines Lot 11 with Yon Bowery F106, our \$25,000 selection from the Fall 2018 Yon Family Sale, where he was the top selling yearling bull.
- We at TRM believe that the Hereford/Angus female is the ultimate cross. After one round of AI, we turn either a calving-ease Angus or Hereford bull on our yearling heifer group in order to continue our tremendous set of black baldy replacement females.
- Sells open.

the
MARKET

RAISING BEEF FROM OUR FAMILY'S FARM
to your family's table.

OUR CATTLE RANCH consists of Angus and Hereford genetics, with an emphasis on quality in all facets from pasture to rail. The cattle spend the majority of their lives grazing lush, green grass before being finished on a grain-based ration to maximize marbling and taste. We strongly believe the key to quality meat is comfortable, respected and humanely-raised animals. High-quality animals yield a high-quality product. We have a deep love and respect for agriculture, our community, our livestock and the land that has been passed down for generations here in Northeast Alabama. **The Market at TRM** was created as a way to share our locally-sourced beef with the community. Our dream has long been to bring to families the same homegrown, healthy beef that our families have been enjoying for decades. We believe in all aspects of the cattle industry, and we admire and respect the versatility of the beef animal in all that it provides. We appreciate the opportunity to join you and your family at the dinner table!

- Lot 118 has a pedigree stacked with top-producing Pathfinder dams, stemming from SAV Emblynette 7319, who has generated over \$750,000 in progeny sales. Her dam is the result of a successful embryo mating which combines the herd sire producing Emblynette and Blackcap May families with the \$200,000 SAV Angus Valley 1867.
- In the 2017 Dixieland Delight, three maternal sisters to Lot 118 sold for \$18,900 to Square B in Missouri, while a heifer pregnancy sold for \$6,750 to bring a total on four lots to \$25,650 for an impressive average of \$6,413.
- Ranks in the top 5% for WW; top 10% for YW and \$W; top 20% for CW.
- Posts progeny ratios of 1@110 for WW; 1@109 for YW.
- Dam posts progeny ratios of 3@98 for BW; 3@106 for WW; 2@106 for YW.
- AI 12-19-19 to HOOVER KNOW HOW. PE 12-31-19 to 3-11-20 to COLEMAN CHARLO 5411. Checked safe AI with a heifer calf.

- The sire of Lot 118A as well as several of the other Angus fall calves selling, Yon Bowery F106, was our \$25,000 selection from the Fall 2018 Yon Family Sale, where he was the top selling yearling bull.
- Ranks in the top 2% for \$W; top 4% for WW, YW, CW; top 5% for Milk; top 15% for SC and \$F.
- Dam posts progeny ratios of 1@110 for WW; 1@109 for YW.
- BW 63 lbs., ratio 90.
